

Lightning Talks Handout

R-Ladies Sydney

20/06/2018

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a “bingo” card. See if you can find someone who...

Enjoys cooking	Has a Twitter account
Has needed to let a data analysis run for 24+ hours	Has been to another RLadies chapter event
Has an interesting pet (not cat or dog)	Walks 10000 steps every day
Is new to using R	Uses a keep cup every day
Has never been to NZ	Kept their New Years resolution
Has a cat	Has met Hadley Wickham
Knows a Trump supporter	Prefers chardonnay to sav. blanc
Can knit (with needles and wool)	Knows C++

The bingo cards are randomised – using R, naturally, because we are stats nerds! – so everyone should have a slightly different list of things to find!

Want to live tweet about the talks?

name	twitter_handle	talk_title
Jessica Lee		Why I R?
Emi Tanaka	@statsgen	Making a Shiny interactive web application using R
Wendy Wong	@abc_wendsss	Transitioning from financial planning to data science
Sarah Romanes	@sarah_romanesh	My long journey learning R - then and now
Zoe Meers	@zoe_meers	ggparliament: Parliament plots in the tidyverse
Lovisa Lannesand		From Excel to R in the world of finance
Kate Dodds	@kate_munnik	Learning the lingo - An R newbie's perspective
Charles Gray	@cantabile	My experience at runconf18

- Don't forget to @ the speaker in the tweet :-)
- Include the #rladies hashtag. Adding @rliadiessydney optional
- Include a picture! (speaker or slides)
- Speaker info is on the blog: <http://rliadiessydney.org/posts/lightning-talks/>

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a “bingo” card. See if you can find someone who...

Has done the Harbour bridge climb	Holds a local public library card
Knows a Trump supporter	Is a data scientist
Can see the Harbour Bridge from their office	Has never been to NZ
Can play an unusual instrument	Has kids
Owens reusable stainless steel straws	Prefers read.csv to read_csv
Has needed to let a data analysis run for 24+ hours	Thinks Messina is overrated
Is a Mac user	Teaches statistics
Works in finance	Actually likes regular expressions

The bingo cards are randomised – using R, naturally, because we are stats nerds! – so everyone should have a slightly different list of things to find!

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a "bingo" card. See if you can find someone who...

Has never been to Messina	Is a member of Meetups not related to data science
Owens reusable stainless steel straws	Has 3+ data analysis apps on their computer
Has a cat	Is a PhD student
Knows a Trump supporter	Uses plastic free shampoo/conditioner
Has needed to let a data analysis run for 24+ hours	Holds a local public library card
Can knit (with needles and wool)	Knows how to record but not write Excel macros
Thinks Messina is overrated	Prefers read.csv to read_csv
Taught themselves to code	Has at least one laptop hex sticker

The bingo cards are randomised – using R, naturally, because we are stats nerds! – so everyone should have a slightly different list of things to find!

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a “bingo” card. See if you can find someone who...

Has used a library card catalog	Prefers a flat white to a long black
Can see the Opera House from their office	Has been to Uluru
Is a data scientist	Commutes to work on a bike
Owns reusable stainless steel straws	Has written their own R package
Swims in the ocean more than once a week	Can knit (with needles and wool)
Has gone scuba or sky diving	Has a pet with a geeky name
Doesn't own a car	Is a Mac user
Likes to dance	Kept their New Years resolution

The bingo cards are randomised – using R, naturally, because we are stats nerds! – so everyone should have a slightly different list of things to find!

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a “bingo” card. See if you can find someone who...

Has a cat	Grew up in Sydney
Uses a keep cup every day	Can see the Opera House from their office
Prefers Python to R	Enjoys gardening
Can play an unusual instrument	Grew up in a small town
Has kids	Has never been to NZ
Lived in Boston for a time	Grew up on a farm
Knows how to record but not write Excel macros	Prefers chardonnay to sav. blanc
Enjoys cooking	Is a member of other data science Meetups

The bingo cards are randomised – using R, naturally, because we are stats nerds! – so everyone should have a slightly different list of things to find!
