

R-Ladies Sydney Launch - Lightning Talks!

20 June 2018

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a "bingo card". See if you can find someone who...

Uses a keep cup every day	Has an interesting pet (not cat or dog)
Kept their New Years resolution	Is new to using R
Enjoys gardening	Has kids
Taught themselves to code	Has 3 siblings
Is a member of other data science Meetups	Knows how to tweet from within R
Teaches statistics	Has met Hadley Wickham
Has never been to NZ	Can knit (with needles and wool)
Is a member of Datacamp	Is R-Curious

The items have been randomised – using R, naturally – so everyone should have a different list!

Want to live tweet about the talks?

name	twitter_handle	talk_title
Jessica Lee		Why I R?
Emi Tanaka	@statsgen	Making a Shiny interactive web application using R
Wendy Wong	@abc_wendsss	Transitioning from financial planning to data science
Sarah Romanes	@sarah_romanesh	My long journey learning R - then and now
Zoe Meers	@zoe_meers	ggparliament: Parliament plots in the tidyverse
Lovisa Lannesand		From Excel to R in the world of finance
Kate Dodds	@kate_munnik	Learning the lingo - An R newbie's perspective
Charles Gray	@cantabile	My experience at runconf18

- Don't forget to @ the speaker in the tweet :-)
- Include the **#rladies** hashtag. Adding **@rldiessydney** optional
- Include a picture if you have one! (speaker or slides)
- More speaker info is on the blog: rldiessydney.org/posts/lightning-talks

R-Ladies Sydney Launch - Lightning Talks!

20 June 2018

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a "bingo card". See if you can find someone who...

Uses a keep cup every day	Swims in the ocean more than once a week
Has 3+ data analysis apps on their computer	Knows how to record but not write Excel macros
Is a PhD student	Knows how to tweet from within R
Has at least one laptop hex sticker	Is new to using R
Has a Twitter account	Has never been to Messina
Can see the Harbour Bridge from their office	Kept their New Years resolution
Has run an experiment that didn't work	Has *opinions* about <- versus =
Has never been to NZ	Has used a library card catalog

The items have been randomised – using R, naturally – so everyone should have a different list!

R-Ladies Sydney Launch - Lightning Talks!

20 June 2018

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a "bingo card". See if you can find someone who...

Has been to Uluru	Has been to another RLadies chapter event
Has *opinions* about <- versus =	Is a member of other data science Meetups
Plays a musical instrument	Knows C++
Likes to run	Is a Mac user
Has 3+ data analysis apps on their computer	Walks 10000 steps every day
Prefers merlot to shiraz	Holds a local public library card
Grew up in a small town	Does not have a Facebook account
Has used a package you've never heard of	Has never been to Messina

The items have been randomised – using R, naturally – so everyone should have a different list!

Want to live tweet about the talks?

name	twitter_handle	talk_title
Jessica Lee		Why I R?
Emi Tanaka	@statsgen	Making a Shiny interactive web application using R
Wendy Wong	@abc_wendsss	Transitioning from financial planning to data science
Sarah Romanes	@sarah_romanesh	My long journey learning R - then and now
Zoe Meers	@zoe_meers	ggparliament: Parliament plots in the tidyverse
Lovisa Lannesand		From Excel to R in the world of finance
Kate Dodds	@kate_munnik	Learning the lingo - An R newbie's perspective
Charles Gray	@cantabile	My experience at runconf18

- Don't forget to @ the speaker in the tweet :-)
- Include the **#rladies** hashtag. Adding **@rliedssydney** optional

R-Ladies Sydney Launch - Lightning Talks!

20 June 2018

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a "bingo card". See if you can find someone who...

Has run an experiment that didn't work	Loves Karaoke
Has gone scuba or sky diving	Thinks Messina is overrated
Can explain why Snapchat exists	Loves Andy Field
Knows C++	Has been to another RLadies chapter event
Wants to be an academic	Has a pet with a geeky name
Has written their own R package	Has used a package you've never heard of
Lived in Boston for a time	Likes to dance
Holds a local public library card	Actually likes regular expressions

The items have been randomised – using R, naturally – so everyone should have a different list!

R-Ladies Sydney Launch - Lightning Talks!

20 June 2018

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a "bingo card". See if you can find someone who...

Taught themselves to code	Has run an experiment that didn't work
Has 3 siblings	Teaches statistics
Has a pet with a geeky name	Has never been to NZ
Commutes to work on a bike	Doesn't own a car
Does yoga	Has *opinions* about <- versus =
Has a dog	Actually likes regular expressions
Uses a standing desk	Has an interesting pet (not cat or dog)
Has a (mini) library of stats textbooks	Can see the Opera House from their office

The items have been randomised – using R, naturally – so everyone should have a different list!

Want to live tweet about the talks?

name	twitter_handle	talk_title
Jessica Lee		Why I R?
Emi Tanaka	@statsgen	Making a Shiny interactive web application using R
Wendy Wong	@abc_wendsss	Transitioning from financial planning to data science
Sarah Romanes	@sarah_romanec	My long journey learning R - then and now
Zoe Meers	@zoe_meers	ggparliament: Parliament plots in the tidyverse
Lovisa Lannesand		From Excel to R in the world of finance
Kate Dodds	@kate_munnik	Learning the lingo - An R newbie's perspective
Charles Gray	@cantabile	My experience at runconf18

- Don't forget to @ the speaker in the tweet :-)
- Include the **#rladies** hashtag. Adding **@rldiessydney** optional
- Include a picture if you have one! (speaker or slides)
- More speaker info is on the blog: rldiessydney.org/posts/lightning-talks

R-Ladies Sydney Launch - Lightning Talks!

20 June 2018

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a "bingo card". See if you can find someone who...

Grew up in Sydney	Has a (mini) library of stats textbooks
Can play an unusual instrument	Loves Andy Field
Favourite food is sushi	Uses a standing desk
Has been to Uluru	Kept their New Years resolution
Knows how to record but not write Excel macros	Plays a musical instrument
Has never been to NZ	Commutes to work on a bike
Knows how to tweet from within R	Is a data scientist
Loves Karaoke	Likes to run

The items have been randomised – using R, naturally – so everyone should have a different list!

Want to live tweet about the talks?

name	twitter_handle	talk_title
Jessica Lee		Why I R?
Emi Tanaka	@statsgen	Making a Shiny interactive web application using R
Wendy Wong	@abc_wendsss	Transitioning from financial planning to data science
Sarah Romanes	@sarah_romanesh	My long journey learning R - then and now
Zoe Meers	@zoe_meers	ggparliament: Parliament plots in the tidyverse
Lovisa Lannesand		From Excel to R in the world of finance
Kate Dodds	@kate_munnik	Learning the lingo - An R newbie's perspective
Charles Gray	@cantabile	My experience at runconf18

- Don't forget to @ the speaker in the tweet :-)
- Include the **#rladies** hashtag. Adding **@rldiessydney** optional
- Include a picture if you have one! (speaker or slides)

R-Ladies Sydney Launch - Lightning Talks!

20 June 2018

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a "bingo card". See if you can find someone who...

Has met Hadley Wickham	Uses a standing desk
Has 3 siblings	Favourite food is sushi
Has gone scuba or sky diving	Prefers merlot to shiraz
Is new to using R	Has run an experiment that didn't work
Holds a local public library card	Has a pet with a geeky name
Has 3+ data analysis apps on their computer	Is a member of Meetups not related to data science
Plays a musical instrument	Does yoga
Has used a package you've never heard of	Grew up in Sydney

The items have been randomised – using R, naturally – so everyone should have a different list!

Want to live tweet about the talks?

R-Ladies Sydney Launch - Lightning Talks!

20 June 2018

Get to know the Sydney R-Ladies!

It's a launch event, so why not get to know your fellow R-Ladies? As an ice-breaker, every handout has a "bingo card". See if you can find someone who...

Uses plastic free shampoo/conditioner	Is a member of other data science Meetups
Uses a keep cup every day	Has kids
Has been to Uluru	Has *opinions* about <- versus =
Has written their own R package	Doesn't own a car
Has 3 siblings	Has a (mini) library of stats textbooks
Likes to dance	Is a member of Meetups not related to data science
Prefers merlot to shiraz	Has at least one laptop hex sticker
Has done the Harbour bridge climb	Remembers floppy disks

The items have been randomised – using R, naturally – so everyone should have a different list!
